

Independent Education

The Association of Independent Schools of Greater Washington

To students and families applying to Washington-region independent schools for 2015-2016

To promote a fair and transparent admissions process, the member schools of Independent Education listed on the bottom of this page have established the following guidelines for working with applicants to their schools. Schools should make clear to applicants all dates pertaining to admission and re-enrollment.

Independent Education recommends the following timeline:

- **Notification Date** - Decision letter should be sent no sooner than early March;
- **Registration/Reply Date** - Enrollment contracts for newly admitted students are due back to the school, preferably, the first Friday in April and no earlier than mid-March;
- **Tuition-binding Date** - Enrollment contracts for newly admitted and re-enrolling students should be binding no earlier than June 1.

Upon receipt of an application, member schools of Independent Education presume that if an applicant is currently enrolled at another independent school, the applicant's family already has notified that school of an intention to apply elsewhere in the independent school community.

An Independent Education member school will not accept a student from another Independent Education school without receipt of appropriate records from the sending school.

Families should inform all independent schools to which they have applied if and when they no longer seek admission to the schools for the coming academic year.
